Now, how do you get a more famous name than that in Arts and Crafts ? The fact is, you just don't. This man, and company that bore his name, are credited for putting Arts & Crafts into the American culture. They created nice lighting as well as furniture. We have reproduced one of his popular lights called: "The Heart" light. We offer it as both a sconce and single hanging light. Later we will make the chandeliers to match. Made from solid copper; they are formed to shape and design by hundreds of hammer blows from skilled craftsmen. These two items are considered pricey by some, but very reasonable by others, when the amount of labor and materials are calculated. Every nuance of originality has been preserved down to the rayon covered wire that these sconces possess. We even hand made the copper chain. The patina is like a Stickley antique original and lacquered.

400-MACS Stickley heart sconce. Backplate 2 3/4" w/- 4" mounting circle. Backplate is 10" tall with a 8" protruding arm. Lantern is 8" tall by 3" glass diameter. Overall height is 13 1/2" Frosted glass shade. Very good looking.

401-MAC-EP Stickley heart pendant. Ceiling canopy is 4" diameter. Overall length is 25 1/2". Lantern is 8" tall by 3"; frosted glass. Arts and Crafts homes did use these in multiples along a beam, over a work area.

556 and 558 lights This type of lighting, with small shades, was available at the same time that Arts and Crafts and Mission and Deco were around. Turn of the century. They are nice and simple with a pleasing ambiance. They take medium base candle bulbs for the clip on shade. Shades supplied & priced with the fixture. (black and white available)

556-PSA-CH Five light chandelier with 5" canopy and an overall length of 34" but shortest could be 21" by removing all but one link of chain. Spread 19"

558-MSA-ES Single light wall sconce. 13" Overall height with a backplate measuring: 4 1/2" x 8 3/4". Simple one center screw mounting to an electrical box.

149-DL-206 A break in procedure for us here with this lovely Deco single hanging light. This light is sold as a set with the impressive **0206G** decorated deco shade. Solid brass lost wax cast parts, heavy cast canopy and angular deco chain.
