918-18L-RC

This gorgeous chandelier was taken from our copy of Starr, Fellow's 1857 catalog and our original samples of this time. Based on this historical record, it is ready to grace a fine antique style room.

918-18L-RC has 18 lovely arms on two tiers with amazing castings.

This chandelier is shown in the polished unlacquered finish. Owners of older homes usually love this since the chandelier will now mellow-age in keeping with the home's age.

We offer other finishes too: *Polished brass, Satin Brass, hi/lo antique finish, & oil rubbed bronze*

Shade fitters take antique 2 5/8" gas shades. We make 11 beautiful hand-cut glass gas shades to choose from. Pictured further-on in this catalog.

Meas: Overall height: 93.5" but can be shortened to 72". We can extend it for higher ceilings. (small charge)
Spread: 44". Wt: 130 lb (without crate)

Lighting: Although the sockets are UL rated & recommended to use 100+ watts for each arm.
