The picture above shows the sconce with an incandescent 60 watt bulb using a normal candleabra base which is designated as an E-12 base. 35C-E12 (right) is an attractive substitute drawing only 1.6 watts and giving an equivalent 25 watt output.

Measures: 11 1/2" tall from the glass tip to the base.
Maximum width: 7 1/2". Projection into the room: 3 1/4"

Finishes: Pewter or Darkened

Stock numbers meanings and ordering

365 — **XXX** — **ES**
