Solid Lost Wax Cast Brass

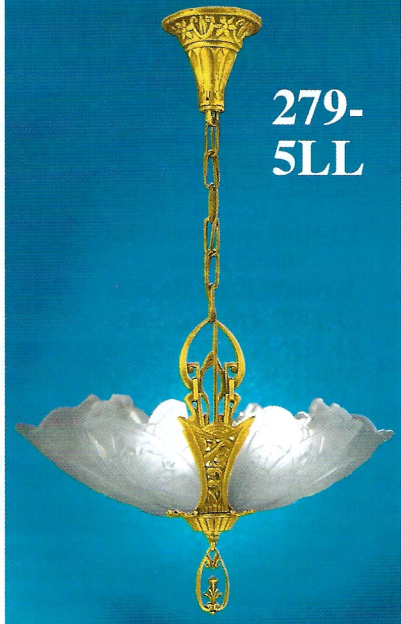

Matching Art Deco Slip Shade fixtures by Lincoln--Free Shades

278-EPL Here's a big step up in quality (from what's available). Lost Wax cast Brass (not pot metal) 2 light pendent by Lincoln. One price buys the fixture & shades set. 32" tall by 8" widest. Can be shortened to 24" with finial; 20" without finial. Hi/lo finish and lacquered; a lovely companion to 279.

279-5LL Lincoln 5 slip shade light.

Solid lost wax cast brass (not pot metal), hi/lo finish. 29 1/2" tall but can be shortened to 20

279-5LL

Gustav Stickley "Heart Lantern" Lights

From samples and the reference: "Collected Works of Gustav Stickley", we present three outstanding re-created lights. Solid copper hammered surfaces that took thousands of hammer blows. These are the best A&C lights a restorer could hope to find. We even use Rayon covered wire as they did in 1905 and hand fashioned our own solid copper chain. And while the originals cost 10-20K or more (!), the "look" and hand made quality can be had at a fraction of that cost with a UL approved rating.

403-TAC-CH What a lovely little light for a small room or bath. 35" tall (shortest 29"); 16" spread; ea heart lantern accepts 100 watt bulb

405-PAC-CH Nice light for the parlor; dining room or larger bedroom. 47" tall (shortest 36"); 23 1/2" spread; ea lantern accepts 100 watt bulb

409-NAC-CH Big light for the living room or where significant light (and impression) is desired. 52" tall (shortest 41"); 33" spread; each heart lantern can accept 100 watt bulb.

Enlarged solid copper chain on the 5 & 9 lights. Lights are shortened by removing links of chain which we can do for you. Lights can be lengthened by adding chain, optional purchase.

Also see Catalog Page 67 for single light & sconce

Since these are made by hand, only one or two are kept in stock. Please call for availability.

1/2" with finial (17" without). Spread: 18 1/2; 5 sockets-ea rated 100 watts. One price buys light & shades

282-LES Matching sconce to 278 & 279, one socket at 100 watts. One price-complete w/shade. 11 1/2" tall by 6 5/8" wide and Protrudes: 4 3/4" It has an off/on switch at the bottom of the light
