**All lights, with brass & art glass shades, are priced complete with those shades. A choice of three colors of art glass may be chosen, for these metal shades, and the colors are illustrated on the shade page.**

The rectangular pan, in the 423 series, measures 7" x 14" x 1". Lights are mounted to the ceiling with the center finial. Lights have solid brass rectangular link chains. They can be shortened by removing links--to as short as 28" but can also be lengthened by the addition of more chain links (stock number ZA-13)

**423-SPN-CX & 423-SPN-JX**

Height: 36", Spread: 15"

We recommend 60-75 watt bulbs for these art glass and metal shades.

**423-SPN-EP** Height: 36.5", Spread: 14", Each socket rated for 100 watts.

**524-LPN-CH** Great "Mission" large light having four glass shades.

Please note the "rare" reproduced shape of this pan fixture. Complete with authentic side decorations and mounting center finial (on canopy) & bottom decor. More outstanding, and harder to reproduce, than anything on the market. Fixture 28" tall (metal parts without shades) with a 14" square pan.

Nicely Darkened.

Each socket is rated for 100 watts. Suggested shades are: 065G or 080G; 083G or 093G

**Mission gas wall sconces**

**540-DGS-ES** Width: 16.5", Projects: 10.5" Tall: 10.5", Shade fitter size: 4"

**549-MGS-ES** Width: 7", Projects: 10.5" Tall: 10.5", Shade fitter size: 4"

Both gas sconces are priced without shades: suggest 082G shade as shown

**102-DPL-SE** Double light. Two brass fitters for 2 1/4" glass shades each rated for 100 watts each. Shown here with 093G (sold separately) for which we recommend no larger than 60-75 watt bulbs to protect the art glass. This lamp has base switch and a polarized plug. 21 1/2" tall; Base is 6"sq; width from shade edge to shade edge is 18". Wonderful for a library table; student desk. Suggested 2 1/4" fitter shades: 080G, 065G or 083G or 093G

**526-LPN-CX**

Four light Mission large pan chandelier. Lovely shaped pan measures just under 14" square. Each socket is rated for a 100 watts but since these are art glass shades, we recommend 60 to 75 watts per socket. Note the lovely Lost Wax cast center decor and the side panels. All absolutely authentic in every detail. Diamond & chain patterns originally made by Sechrist of Denver, Circa 1900. OA ht with shades: 35" but can be shortened by removing chain links. Three art glass choices available.

**414-MVCC-CX** Very close ceiling "Mission" light. Fixture only 5" tall (metal parts) with a 4 1/2" square base. Darkened high lo finish.

**417-MCCL-CX** Close ceiling "Mission" light with diamond connectors & square chain link. Fixture 10" tall (metal parts) with a 4 1/2" square base. Darkened--2 1/4" fitter size.

**Leaded Glass wall sconce**

**542-MGE-ES**

Recreated gas and electric combo wall sconce with our lovely hand made leaded shade 093G (sold separately) Height: 20" Width: 7" Projects: 9"

Naturally, we like to make & show as many types of shades styles as possible since there were dozens available in the 1900's.
