LED Qty :	36pcs
Voltage:	AC90-120V,60Hz
Output current	constant current 300mA
Color Temp. :	2700°K to 3500°K
Emitting Color :	Warm white
Luminous:	2800lm
Size:	1000mm × 50mm × 50mm
CRI :	Ra>80
Waterproof Standard	IP65
Power factor:	>90
Beam angle:	30°
Lifespan :	>50000Hrs
Temperature :	-30°C +60°C
Wash height	5-8m
Mounting bracket	beam angle adjustable
Installation	screw fixation
Warranty	1 year
Certification :	UL, CE, ROHS

Construction:

Constructed from aluminum metal with a toughened glass cover. Standard Kelvin color is 3000°K

36 watts delivers a focused and magnified beam of 2800 lumens.

Installs from 10 feet to 25 feet of height.

Used indoor and outdoor, it gives wall and frontage accents which are hard to duplicate using bulbs or a non-magnified or an un-focused light.
